

AGE|RECODE®

PRODUCT INFO

GHK-Cu + SNAP-8

Anti-Aging, Firming & Rebuilding

Advanced Multi-Peptide Serum

What Makes This Different?

Your skin, but better! This isn't just skincare. It's a regenerative approach to aging, helping your skin look and feel younger, longer.

GHK-Cu (Copper Peptides)

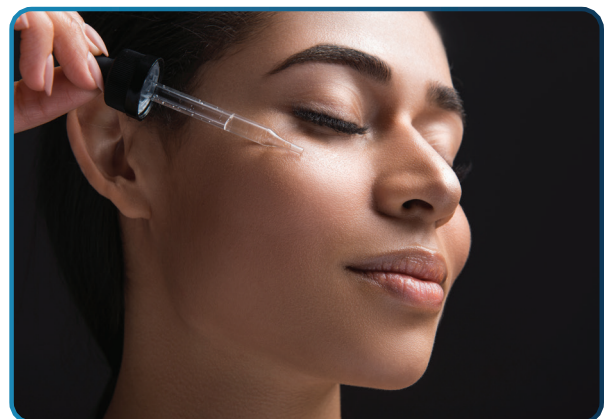

Your skin's natural "repair signal." It helps stimulate collagen, improve firmness, and support healthy skin renewal.

SNAP-8 Peptide

A next-generation wrinkle relaxer that helps soften expression lines and prevent new ones from forming.

Real Results You Can See

- ✓ Smoother skin in weeks
- ✓ Improved firmness over time
- ✓ Up to 34% reduction in wrinkle depth
- ✓ Healthier, more radiant complexion

What Does It Help With?

If your skin is starting to show signs of aging, including fine lines, dullness, or loss of firmness, this powerful peptide serum helps your skin repair, rebuild, and rejuvenate from within.

- Visibly smooth wrinkles and fine lines
- Refine pores and improve texture
- Restore firmness and elasticity
- Deeply hydrate and balance oil
- Brighten dull, tired-looking skin
